**VRCONTEXT'S VIRTUAL REALITY SOFTWARE – WALKINSIDE – RECEIVES A FIATECH CETI AWARD NOMINATION**

HOUSTON (January 28, 2008) – Brussels-based VRcontext was nominated by FIATECH for a CETI Award for its Walkinside® Version 5 virtual reality software.

Walkinside software delivers even faster, more intuitive navigation through extremely large complex production assets using .NET and advanced dynamic tessellation technologies, enabling fast-response, remote collaboration through the Internet even from low-end workstations.

Winners will be announced on April 1, 2008 at the FIATECH Awards Gala at the Hotel Monteleone in New Orleans during FIATECH's Annual Technology Conference and Showcase: "Where the Best Get Better."

**About FIATECH**

FIATECH ([www.fiatech.org](http://www.fiatech.org)) is an industry consortium that provides global leadership in identifying and accelerating the development, demonstration and deployment of fully integrated and automated technologies to deliver the highest business value throughout the life cycle of all types of capital projects.

**About VRcontext**

VRcontext ([www.vrcontext.com](http://www.vrcontext.com)) is a privately owned company that develops virtual reality software applications for the oil and gas, process, energy, and homeland security markets.
